PROFESSIONAL EXPERIENCE

UX/UI Designer @ MAYTRIX

07/2025 — Present

Leading UX design for an enterprise education ecosystem serving internal operations and online learning platforms.

- Exam Prep & Online Course Platform — Web app for practice tests, mock exams, and self-paced courses.
- Internal Operations CRM — Role-based system for accounting, academic affairs, and teaching staff.
- Test-Center Landing Pages — Marketing landing pages for the exam-prep center.

UX/UI Designer @ KIENLONGBANK

08/2023 — 08/2024

Designed enterprise banking solutions focused on digital lending, employee financial services, and workflow-oriented banking operations.

Project: Earned Wage Access

Designed a flexible salary access platform enabling employees to access earned wages before payday.

- Created user flows, information architecture, wireframes, prototypes, and high-fidelity UI.
- Facilitated usability validation sessions with internal users and synthesized findings into workflow improvements.
- Ensured UI consistency and accessibility (WCAG-aligned) across web and mobile experiences.

Project: Loan Origination System

Designed an enterprise loan origination platform that streamlined multi-step approval workflows for banking operations.

- Optimized complex forms, dashboard views, and multi-step approval workflows to improve task completion.
- Built reusable UI components following design system standards.
- Collaborated with Product Managers, Business Analysts, Engineers, and QA throughout product delivery.
